

The Central Law College

Affiliated to The Tamil Nadu Dr. Ambedkar Law University, Chennai
Recognized by Bar Council of India, New Delhi | NAAC-Accredited Institution
Yercuad Main Road, Kannankurichi, Salem - 636008.

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

The College sets itself apart from other institutions by providing an affordable, student-centered education to a diverse group of students. Given the grandeur of the profession, it was thought that the college, as a legal education institution, needed to integrate current system knowledge with adequate regard for traditional values, and this awareness has led us to emphasize traditional values and discipline. Given the importance of the legal profession, the college places a strong emphasis on the value and dignity associated with it, so that students understand and value their civic obligation.

The Institution's vision is to empower students to pursue legal knowledge, values, and social responsibility while also assisting them in achieving excellence by equipping them to meet global issues.

The College's mission is to develop committed legal professionals who are capable of addressing social and legal concerns in order to achieve and promote justice.

The college provides a conducive atmosphere for students to develop their lives and careers through learning, both on and off campus, and strives to assist them in becoming great legal professionals and leaders who serve the profession and society.

We ensure that all individuals have equal access to legal education, and we aim to close the gap between urban and rural accessibility by building a warm and hospitable environment for their education at all levels. As embodied in our Vision, several programmes outside of the university authorized syllabus are part of their curriculum to equip students to think rationally with clarity and master communication skills. The students are also given access to many opportunities to participate and experience through flexible and innovative programs.

The IQAC ensures that the methods and approaches towards subject and students are updated from time to time.

Some humble steps towards our journey to the vision and mission are: -

- To reawaken their thirst for knowledge about the law and the recognition that it is a lifetime process. Various academic activities are used to develop a professional viewpoint.
- At all levels of our activity, including teaching and social service, we engage with the community and academia.
- Inculcated Professional Ethics and Morality in the curriculum and emphasizing their implementation from the beginning of their course period to help them become responsible citizens.
